SUBJECT: Acknowledgment of PSC Order - Case 2004-00422

Dear Director O'Donnell;

We received the above order today related to our application to begin operations as a sewer utility, and establish a tariff and rates related to our contract to own and operate the Ft. Knox Sewer Utilities. We believe the requirements of the order are reasonable and necessary and will be filing the required documents with your office as we receive and obtain these.

I also wanted to thank you and your staff for the expedited and efficient review of our application. The order we received from the Commission was very well written, thorough and informative. It is apparent that a considerable amount of research and time went into the specifics of our request, and discovering the legal precedent and case law related to our application and this type of request.

Please pass on our appreciation and comments to your staff. If you need any additional information related to this case, please feel free to call me.

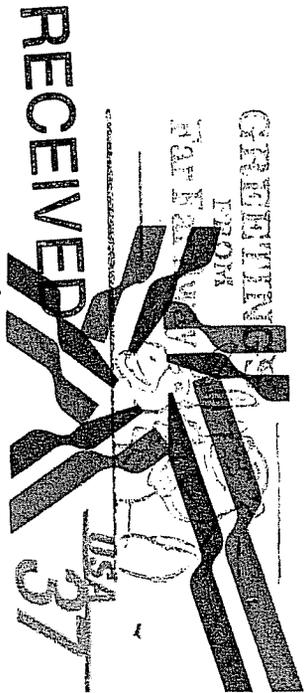

Sincerely,

Jim Bruce, General Manager
